<p>Please do not write your name on the survey. Thank you for taking the time to complete the questions.</p> <p>Post-Survey Identification #: _____ (This # should be the same as the # for the Pre-Survey. If you follow the directions below, the #'s should be the same.)</p> <p>Please enter your birthday, and first 3 letters of your mother's first name as an Identification # on <u>both</u> Part A and Part B. Part B is taken <i>after</i> the class or seminar, if you took a class as part of this survey. For example, if your birthday is November 8, 1990, and your mother's first name is Betty, you would enter "11081990bet" as your unique identification number. If your mother's first name only contains two letters (e.g. "Jo") then add an "x" for the third letter (e.g. "jox"). This allows us to compare your responses on Parts A and B, without identifying you by name. <u>No</u> attempt will be made to identify you by name.</p> <p>* Post-Survey will be taken <i>after</i> the science-related class or seminar.</p>	N o t T r u e	Mid-range			V e r y T r u e
